

THE NATIONAL TRIBUNE PREMIUM LIST.

Given for Clubs and Single
Subscribers.

AN UNEQUALLED ARRAY OF OPPORTUNITIES.

HERE is a series of articles of the highest merit, which we will give all our friends the opportunity of obtaining in the easiest possible way. Our object in offering these splendid premiums is to reward our club raisers.

We have been at great trouble and expense in making up this list of premiums. We have had two prime considerations in view as to the character of the articles: First, we have accepted nothing but the very best things; and, second, we have insisted upon arrangements direct with the manufacturers at the very lowest rates, so as to be able to give our subscribers the advantage of the lowest possible offers.

We have accepted no cheap-grade jewelry. There is no so-called aluminum gold, fire gilt, or other, which is simply polished brass, but everything in the list is of a class we can warrant exactly as represented.

We have also demanded and secured from the manufacturers only the latest and most fashionable styles.

We expect that every subscriber will find something he or she will want, and will send us the club required and get it.

We mean, of course, in each case where we say clubs or subscribers, subscribers to THE NATIONAL TRIBUNE for one year, and the full price of the paper, viz., \$1 a year for each subscriber, must accompany the name sent.

Write all addresses very plainly, giving full name, Postoffice, County and State. Much trouble is saved by never omitting the County, because there are so many post-offices of the same name. If the County is omitted, it is sometimes difficult to tell whether Nevada or Nebraska, Mississippi or Minnesota is meant, for example.

In ordering, be particular to give the number of the article as well as the name. The best way to send money is by Postoffice Money Order, in which case it may be sent at our risk.

If your local Postoffice is not a money-order office, the best way is to register your letter. Money may also be safely sent by Express Money Order or Bank Drafts. Do not send local bank checks. Remember also that postal notes are no safer than money or stamps enclosed in an envelope, being cashed by anyone into whose hands they may fall. Postage stamps are a drug, and, while taken, are very inconvenient, because we have more than we can use, and the Government does not redeem them.

No goods will be sent C. O. D.

COLUMBUS BEFORE FERDINAND AND ISABELLA.

An Accurate Reproduction in Color of a Great Painting.

THE original was painted by Vaccaro Brozik and is owned by the Metropolitan Museum of Art, New York. It is recognized as the great pictorial history of the signing of the contract between Columbus and Ferdinand and Isabella by which the means were furnished to enable him to discover the New World.

The moment chosen by this artist is the beginning of American History. Ferdinand and Isabella are seen upon the dais throne of Spain. Columbus is in the foreground presenting his claims before the royal power; dignified in gesture, his sensitive and quickly responsive nature seems inspired with the subject and the occasion. He has forgotten the rebuffs and disappointments of the past 18 years, when every avenue to success seemed closed against him. His clear eyes are fixed upon the Queen, whose pose and expression indicate her sympathy and belief in his views. The contract is spread upon the table, and Ferdinand with pen in hand is hesitating, when Isabella exclaims, "I undertake this enterprise for my own crown and pledge my jewels to raise the necessary funds." There are 30 figures in the picture, many of them being portraits, and the scene is in the throne chamber.

Our picture is an accurate reproduction of the picture in every tint and tone. It is 17 3/4 inches in size. It should decorate the walls of every American home as a souvenir of the great events now being celebrated and as an educator of the new growing generation. It will be sent free for a club of only two subscribers to THE NATIONAL TRIBUNE. Sent post paid with THE NATIONAL TRIBUNE for one year for \$1.30. Sent postpaid to any address for 40 cents.

THE AMERICAN BEAUTY.

THIS beautiful little clock is a perfect time-keeper. It is nickel-plated and highly ornamental. It is worthy a place upon the parlor mantelpiece, while it is so carefully made and perfectly adjusted that it will run from place to place without injury.

It will be sent postpaid to any address for \$1.45. Sent with THE NATIONAL

THE G.A.R. WATCH

A Handsome Timepiece
FOR
National Tribune Subscribers.

The Latest Product of the Elgin
and Waltham Factories.

No. 302.

The above cut conveys a good idea of one of the great G.A.R. Watches made expressly for our subscribers. So many have called for them that we have at last decided to sell these elegant watches at so low a price that all veterans may enjoy the possession of handsome, durable and accurate Waltham and Elgin watches. The G.A.R. Watch is either a Waltham or an Elgin, as the purchaser may choose. The works are made from the finest selected material. Each contains eleven valuable jewels, makes time, patent safety pinion, stem-winding and pendant-setting apparatus, full plate, a dust-guard that excludes every particle of dust, quick train, jeweled balance, selected porcelain dial, and all the latest and greatest improvements. The case is made of solid silver, a composition just as handsome and durable as coin silver. The case is dust-proof, and need never be opened, because the Watch winds by turning the crown (or stem), and sets by pulling it out till it clicks, then pressing it back into place after setting a wonderful feature that makes this Watch unique. On the back of this case the "G.A.R." badge, the emblem of glorious service, patient suffering and triumphant victory, is engraved by hand. As the fortunate purchaser sees this beautiful reward of patriotism a thought will come to his mind of the boys in blue who never saw a "G.A.R." badge, but who gave up their lives in battle. This Watch is well worth double the price we ask for it, but we have placed the price so low that all may get it. We will send it for a club of 10 subscribers and \$5 added money.

For sale, delivery guaranteed, for \$9.25

Coin Silver Hunting Case

WALTHAM OR ELGIN WATCH.

Offer No. 103.

No. 103 is a Waltham or Elgin Watch. The works are made on the celebrated full-plate model, whereby the works are protected from dust and dirt. They are surrounded by a patent dust-band and are thoroughly jeweled. The balance-wheel is "cut" so that it neutralizes all changes in temperature, and the jewels are set directly in the plates. The improved regulator is so plain that a child can work it. The pinions are of the very latest and most improved kind, and the whole watch is so made as to combine strength with accuracy. The case (hunting case) is made of solid coin silver, and is of the most handsome and elegant. Such watches have heretofore cost our price at the factory, but, by buying direct, we have canceled several exorbitant charges and can offer this \$18 Watch to our subscribers for a Club of 10 subscribers and \$6 added money; or we will sell it, including free delivery, for \$10.

THE SPY OF THE REBELLION.

BY THE WORLD RENOWNED DETECTIVE,

ALLAN PINKERTON,

Chief of the United States

Secret Service During the

War for the Union.

This book is a true history of one of the most important, interesting and least known features of the war.

A true account of President Lincoln's Journey to Washington before his inauguration. The conspiracy to assassinate him; The Midnight Ride through Baltimore; The Safe Arrival at Washington; Thrilling Experiences of the Federal Spies in Richmond; a thorough picture of the Spy System of the Federal Army during the Rebellion are all described in this wonderful book.

The Chicago Inter Ocean, says: "Mr. Pinkerton was Chief of the United States Secret Service during the war of the rebellion, and in the volume reveals many secrets now safe to tell and never before told."

The Kansas City Journal says: "The 'Spy' with its copious illustrations, gives a new insight to the war of the rebellion, and lays bare to the public many facts impossible to be known through any other means."

The book is handsomely printed, fully illustrated, and contains 688 pages. Up to the present time it has never been sold for less than \$3.50. We have obtained a few copies for the benefit of our readers, which will be sold at a bargain. A copy will be sent to any address in the United States, postpaid, for \$2. STEVENS' "FAVORITE" RIFLE.

TARGETS ARE ACTUAL SIZE.

We have secured for our readers the most popular sport and field rifle ever made. Its chief merit is its lightness and ease with which it can be carried, and its accuracy in travel and others who do not like to attract attention by carrying a gun. It is unlocked simply by turning the thumb-screw under the breech. It only weighs 44 lbs. It shoots a 22-caliber bullet. The cartridges are of two sizes, one for long range and one for short. The short range cartridge only three grains, and the long range five grains. The short range cartridge is effective from 50 to 100 yards. The long range is for shooting up to 200 yards, or even a little farther. The remarkable targets shown were actually made by this rifle with 10 shots, each at 40 feet; a degree of accuracy unnecessary for field practice. It has a lever action like Sharp's rifle. This wonderful gun commands itself wherever used, either for target or game shooting. We will send this gun with 200 loaded long-range cartridges for only \$9.35, or sent with THE NATIONAL TRIBUNE for one year for

\$10.00.

NEW TOP-SNAP BREECH-LOADER.

We have a new top-snap breech-loading shotgun to offer our readers. To those who prefer a breech-loading shotgun to any other this firearm will give better satisfaction than any other in the market, while it does not cost over one-fourth as much as fancy guns sold at retail, which will not exceed it in execution, even if they do so well.

It has top lever, back-action locks, rebounding circular hammers, blued steel barrels with extension rib, single bolt, two through-lumps, oiled walnut stock, with checkered pistol grip, patent snap fore end, solid head plungers, engraved and nickel-plated locks and mountings. The pistol grip and fore end are inlaid with fancy brass nails, thereby making a very handy gun. It comes either 30 or 32 inches, barrel 10 or 12 gauge, according to taste. We will send this gun to any address for \$15.50, and subscribers and \$10 added money.

we will throw in as a present 100 fire-center shells and canvas cartridge belt. Or we will send it as a premium for a club of 10 yearly

subscribers and \$10 added money.

THE NEW

WINCHESTER SHOTGUN.

The Greatest Chance Ever Offered to

Get a First-Class Gun.

WINCHESTER REPEATER \$20.

SOLD TO SUBSCRIBERS ONLY.

The Winchester Arms Co. has long held the first place in the world for about 75

years, and has been producing high-class firearms. By a special arrangement we are

able to offer their repeating shotgun at a fraction of its real value. The gun is a magazine or repeating gun

has superseded the breech loader for field shooting. This gun

has a 30 or 32-inch barrel and is 10 or 12

gauge, according to

choice. It carries six

loaded shells and has

a rolled steel barrel,

pistol grip stock 24

inches in length, drop

2 1/2 inches, and choke-

bore. The 12-gauge

gun weighs about 7 1/2

lbs., and the 10-gauge

gun about 9 1/2 lbs.

Wherever it has been

introduced the magazine

gun has superseded

the breech loader as

effectually as the latter took

the place of the muzzle-

loader. In all kinds

of field sport, from

wild geese to quail-

shooting, the advan-

tage of having six

shots ready at a rise

instead of two is ap-

parent. In actual

practice this gun can

be emptied of its six

shots in eight sec-

onds by good wing

shot. Thousands

have been sold this

season to prairie-

chicken shooters in

the West, and the

gun has made a

splendid record when

put to the test of the

'bug' in competition

with fancy-priced

breech-loaders. Sold only to subscribers.

The gun will be boxed and sent to the nearest railroad station for \$20. The purchaser will pay the express charges, which will not be large, because we have arranged to have shipment made from a central point. In ordering be sure to give your nearest railroad station, because the guns are too heavy to be sent by mail.

IMPORTED JAPANESE RUGS.

We have secured for the benefit of THE NATIONAL TRIBUNE subscribers a stock of elegant rugs of Japanese goat-skin. They have just been received from Japan, and are very fine. We have secured a special price on them and they are very cheap. We have had them made up 30 x 60 inches, so as to be large enough for various uses to which smaller sizes could not be adapted. Our rugs will be found large enough for sofa-covers and lounges as well as for floor-rugs by side of a bed or in front of a mantel, musical instrument or door. They are also large enough to use as a center rug in a parlor. They are far more desirable and stylish than the Saxony rugs. The cover consists of soft, curly hair between three and four inches in length, and is very thick. We have them of various colors, but we recommend as most desirable for beauty and service either gray, white or blue.

One of these elegant rugs will be sent to any subscriber's address by mail, postpaid, for \$2.85, or with THE NATIONAL TRIBUNE for one year for \$3.70.

If it is desired to have the package registered 10 cents extra must be sent to pay
